Agenda

- Start the Recording
- We will start by mentioning the project's Antitrust Policy, which you can find linked from the LF and project websites. The policy is important where multiple companies, including potential industry competitors, are participating in meetings. Please review and if you have any questions, please contact your company legal counsel. Members of the LF may contact Andrew Updegrove at the firm Gesmer Updegrove LLP, which provides legal counsel to the LF.
    - Antitrust Policy
- Agenda Bashing, Roll Call, Action Items (all, **9:00-9:05 am**)

Marketing Update

- 1 or 2 sentences from PTLs can greatly help Brandon to write the release marketing message.

General Topic

- Infra topics
  - someone will be hired in EU for all LFN projects IT - Meanwhile, one person from Australia is currently in Switzerland and will ensure the service.
  - Infra issues of the week-end are under post-mortem investigations. Datacenter routing issues under work with a newer design.
  - Java pipelines available already and validated with odlparent.
  - Monitoring jobs directly is not maintainable - discussion with vendors on how to do this other way by getting jobs responses.
  - Gerrit HA need to be tested first at the same place before going ahead with a second instance in EU. A read-only mirror can be set up meanwhile. Kubernetes Gerrit cluster maybe next year.
