Agenda

- Start the Recording
- We will start by mentioning the project's Antitrust Policy, which you can find linked from the LF and project websites. The policy is important where multiple companies, including potential industry competitors, are participating in meetings. Please review and if you have any questions, please contact your company legal counsel. Members of the LF may contact Andrew Updegrove at the firm Gesmer Updegrove LLP, which provides legal counsel to the LF.

- Release
    - Sulfur SR1... There are two pending issues, CONTROLLER-2043 and CONTROLLER-2037 but they won't be fixed in time, so TSC agree with Robert Vargato fix them on the next SR. So i'll pick a RC by 20 May 2022 and get TSC to approve it
    - Phosphorous SR3..there was a snag with netty-4.1.77, hence the MRI bump is not complete yet (still needs bgpcep release, which Robert Varga is in the process of spinning). The bump should be ready by 20 May 2022 so again, a RC will be picked then to TSC approval
