Agenda

- Start the Recording
- · We will start by mentioning the project's Antitrust Policy, which you can find linked from the LF and project websites. The policy is important where multiple companies, including potential industry competitors, are participating in meetings. Please review and if you have any questions, please contact your company legal counsel. Members of the LF may contact Andrew Updegrove at the firm Gesmer Updegrove LLP, which provides

Release

- Sulfur SR3 has been approved and Anil Belur will publish the released artifacts to nexus. Once that is done, we can move forward since transport pce is ready to release the distribution
- · Chlorine SR1 is still in progress, Gilles Thouenon is still trying to release transport pce as a managed project so we will see if it can be resolved next week.
