Agenda

- Start the Recording
- We will start by mentioning the project's Antitrust Policy, which you can find linked from the LF and project websites. The policy is important where multiple companies, including potential industry competitors, are participating in meetings. Please review and if you have any questions, please contact your company legal counsel. Members of the LF may contact Andrew Updegrove at the firm Gesmer Updegrove LLP, which provides legal counsel to the LF.
  - Antitrust Policy
- Agenda Bashing, Roll Call, Action Items (all, **9:00-9:05 am**)
- Releases
- LFN Updates
- Marketing Update
- TSC Grievance Tracking

Release

- Chlorine SR2, is almost ready. MSI projects will roll in and once int/dist patch is ready, an RC will be picked from AR for Chlorine SR2. Robert Varga will update us on the status
  - Remarks from Gilles Thouenon unable to merge changes on TransportPCE stable/Chlorine branch because of branch lock
    Anil Belur needs to have temporary admin rights to perform maintenance automation and w/o a branch lock, anyone would have the right to merge changes
    Luis Gomez could we start it not so early? Anil Belur that's what we try to do
    needs to review the list of super-committers in that case so Guillaume Lambert will become a super-committer to take care of these patches
- Argon is scheduled to be released on 16 Mar 2023 and Robert Varga will update us on the status
- Docker packaging is blocked by what looks like an authentication issue in the Nexus3 system
  - Anil Belur we need a JIRA helpdesk ticket
- Docker releases are synced to Dockerhub. 14.xand15.x.
  - https://hub.docker.com/repository/docker/opendaylight/opendaylight/tags?page=1&ordering=last_updated
  - The remaining releases will be prepared by Luis Gomez and Anil Belur to keep the releases up-to-date on DockerHub.

LFN Updates

Marketing Update

General Topic

- Anil Belur CSIT and int/dist - many scripts maintenance and knowledge to pass
  - a lot of CSIT jobs in failure - need some clean-up
