Agenda

- Start the Recording
- We will start by mentioning the project's Antitrust Policy, which you can find linked from the LF and project websites. The policy is important where multiple companies, including potential industry competitors, are participating in meetings. Please review and if you have any questions, please contact your company legal counsel. Members of the LF may contact Andrew Updegrove at the firm Gesmer Updegrove LLP, which provides legal counsel to the LF.

Release

- Argon RC is ready. TransportPCE integration is [done](#) and [AAA-258](#) issue has been fixed. There are some remaining issues but they are minor so here is [Argon release approval](#) for AR#183 as RC
- Remove daily "cron" on maven-stage and maven-docker-stage at the global-jjb level. This is enabled and being done to reduce infra costs.
- o-ran and onap has already been approved. This is configurable at \$project level within the builder repo.
