

ODL SAF (OpenDaylight SAA) Project Approval

[ODL SAF Project](#) Proposal documents the project proposal. The project is contemplating changing the name to be a slight variation of the original proposed name OpenDaylight Service Automation Framework - to avoid confusions with another open source project called Open SAF (Service Availability Forum - <https://en.wikipedia.org/wiki/OpenSAF>). One possibility may be SAA - Service Automation Architecture.

[Click for anchor link](#) Does the TSC approve ODL SAF (or SAA/similar meaning name) to be OpenDaylight Self Managed Project?
