Notes

TSC & TWS Meeting Timings

TSC has discussed having a late-night call and an early call. Currently proposed 9am and 10pm (PST).

- TSC agreed to 9am and 10pm alternating meetings.

Moving from sonar.opendaylight.org to Sonarcloud.io

- Casey Cain suggests moving this discussion to next meeting
- Benefits of sonarcloud.io (a free web service) is that we would not need to maintain it.

Releases

- Magnesium middle checkpoint - relatively good shape
- A discussion was had about the JIRA Dashboard only being visible when logged into JIRA. Casey suggested that it be without a login.
    - Shall the JIRA remove the login requirement to view the Dashboard
    - Voting Resolution: https://wiki.lfnetworking.org/x/JgODAQ
